

**REMARKS**

Applicant elects to prosecute claims 1-58 and 76-79 of Group I drawn to a culture device.

Applicants reserve all rights to file divisional and/or continuation patent applications relating to non elected claims or subject matter included in the specification and not claimed.

***Preliminary amendments***

Applicant has cancelled, without prejudice, original claims 1-98, and has added new claims 99-121. New claims 99-121 are drawn to culture devices corresponding to the culture devices of now cancelled claims 1-58 and 76-79, and as such do not constitute introduction of non-elected or new subject-matter.

Favorable examination is earnestly solicited.

Respectfully submitted,
